

TILES PART 1

THE BASICS

Materials: any of these air dry clays:

Plus Clay

La Doll

clay blade
knife

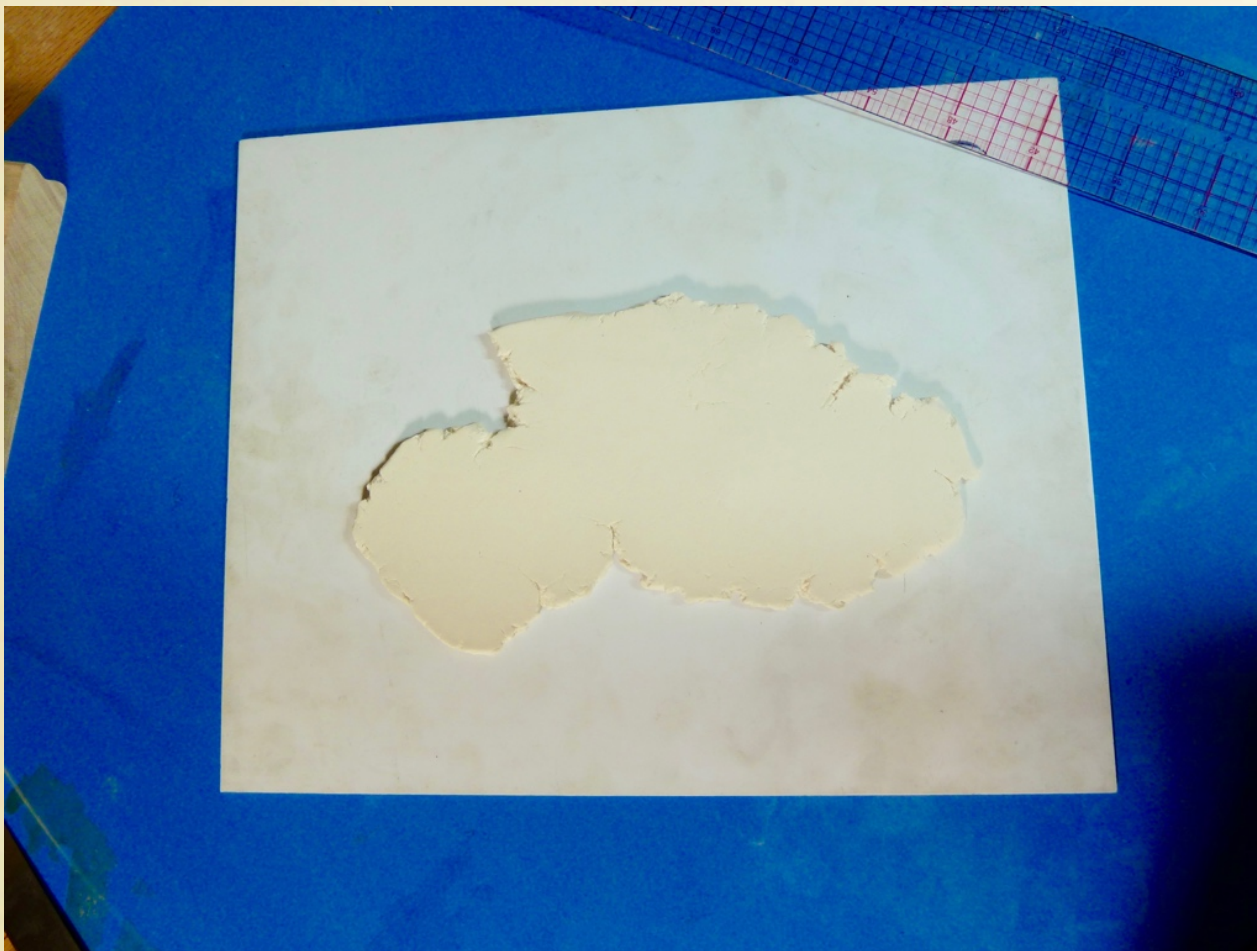

cookie cutters (optional)
flat surface to dry tiles

clay roller kit

Step 1:

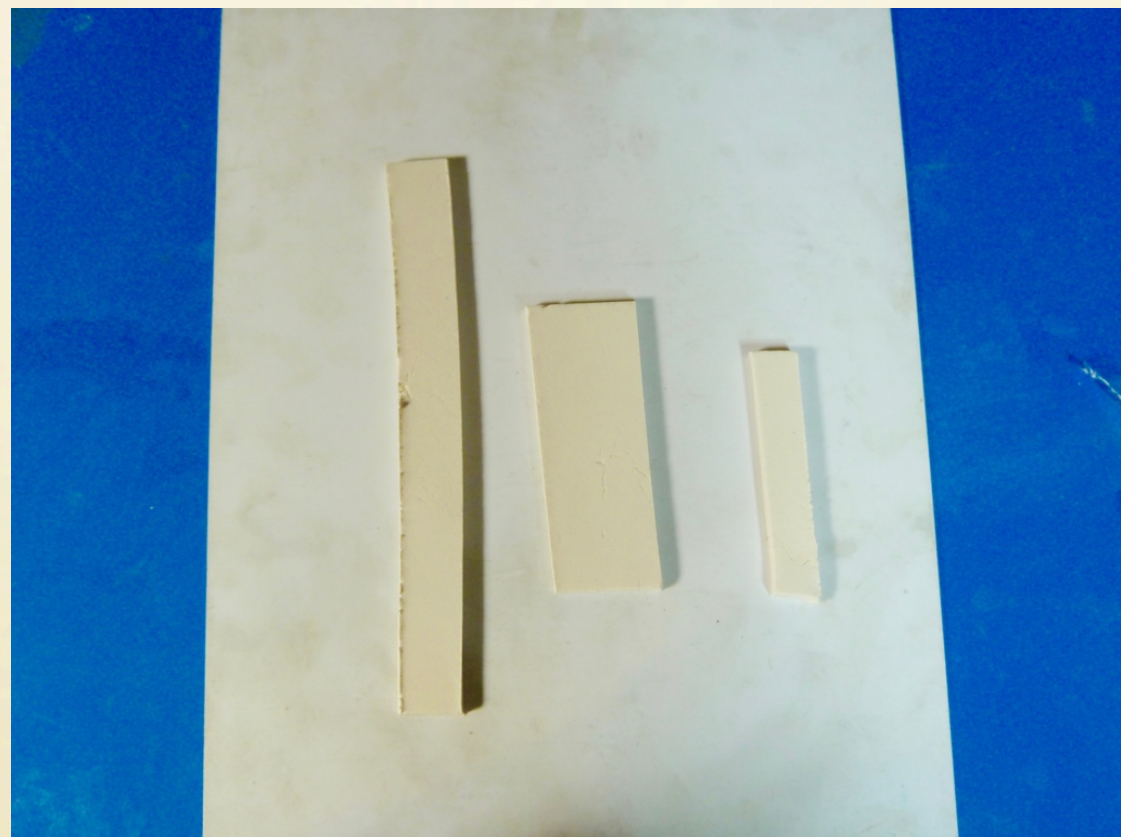

after cutting off a portion of clay

roll out the clay using
the 3/16 inch bar
included with the clay
kit.

Step 2:

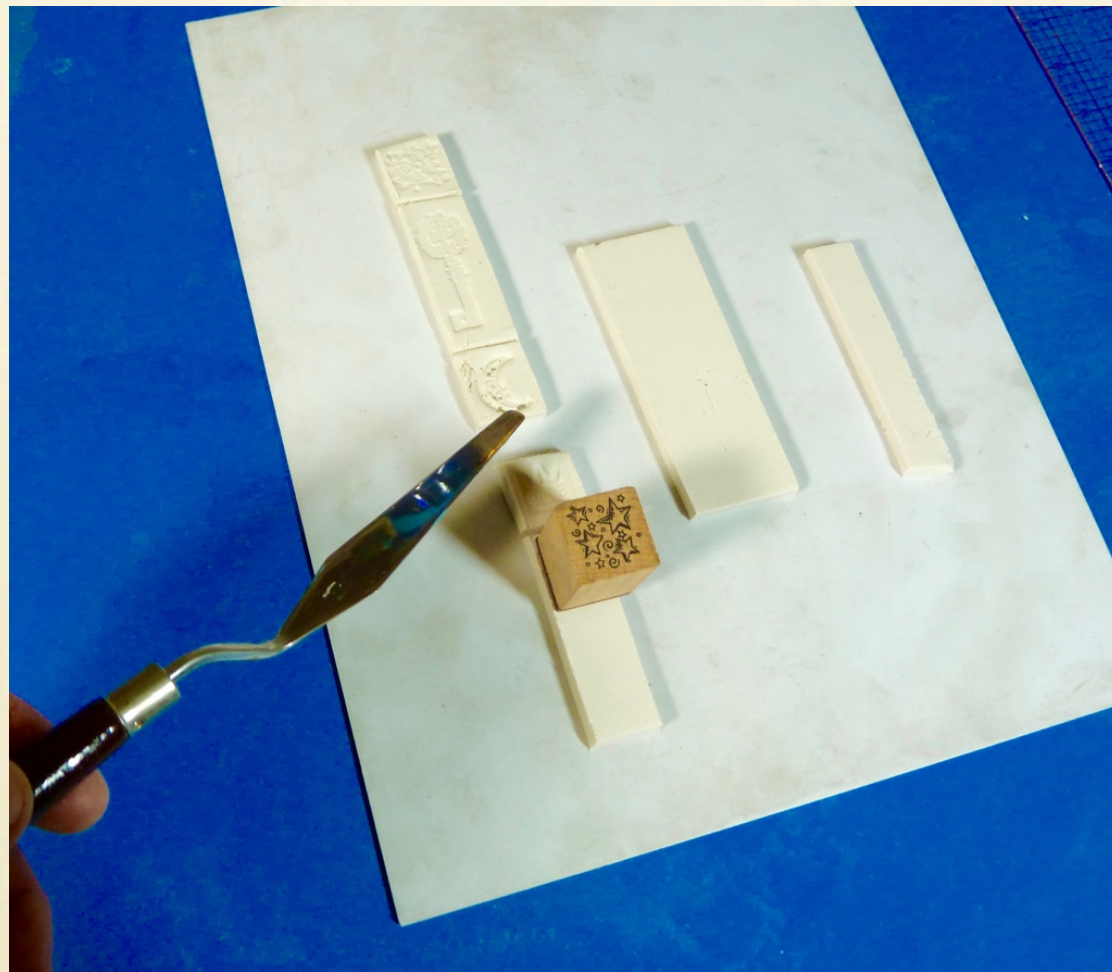

cut strips using a knife

make the strips in different
widths

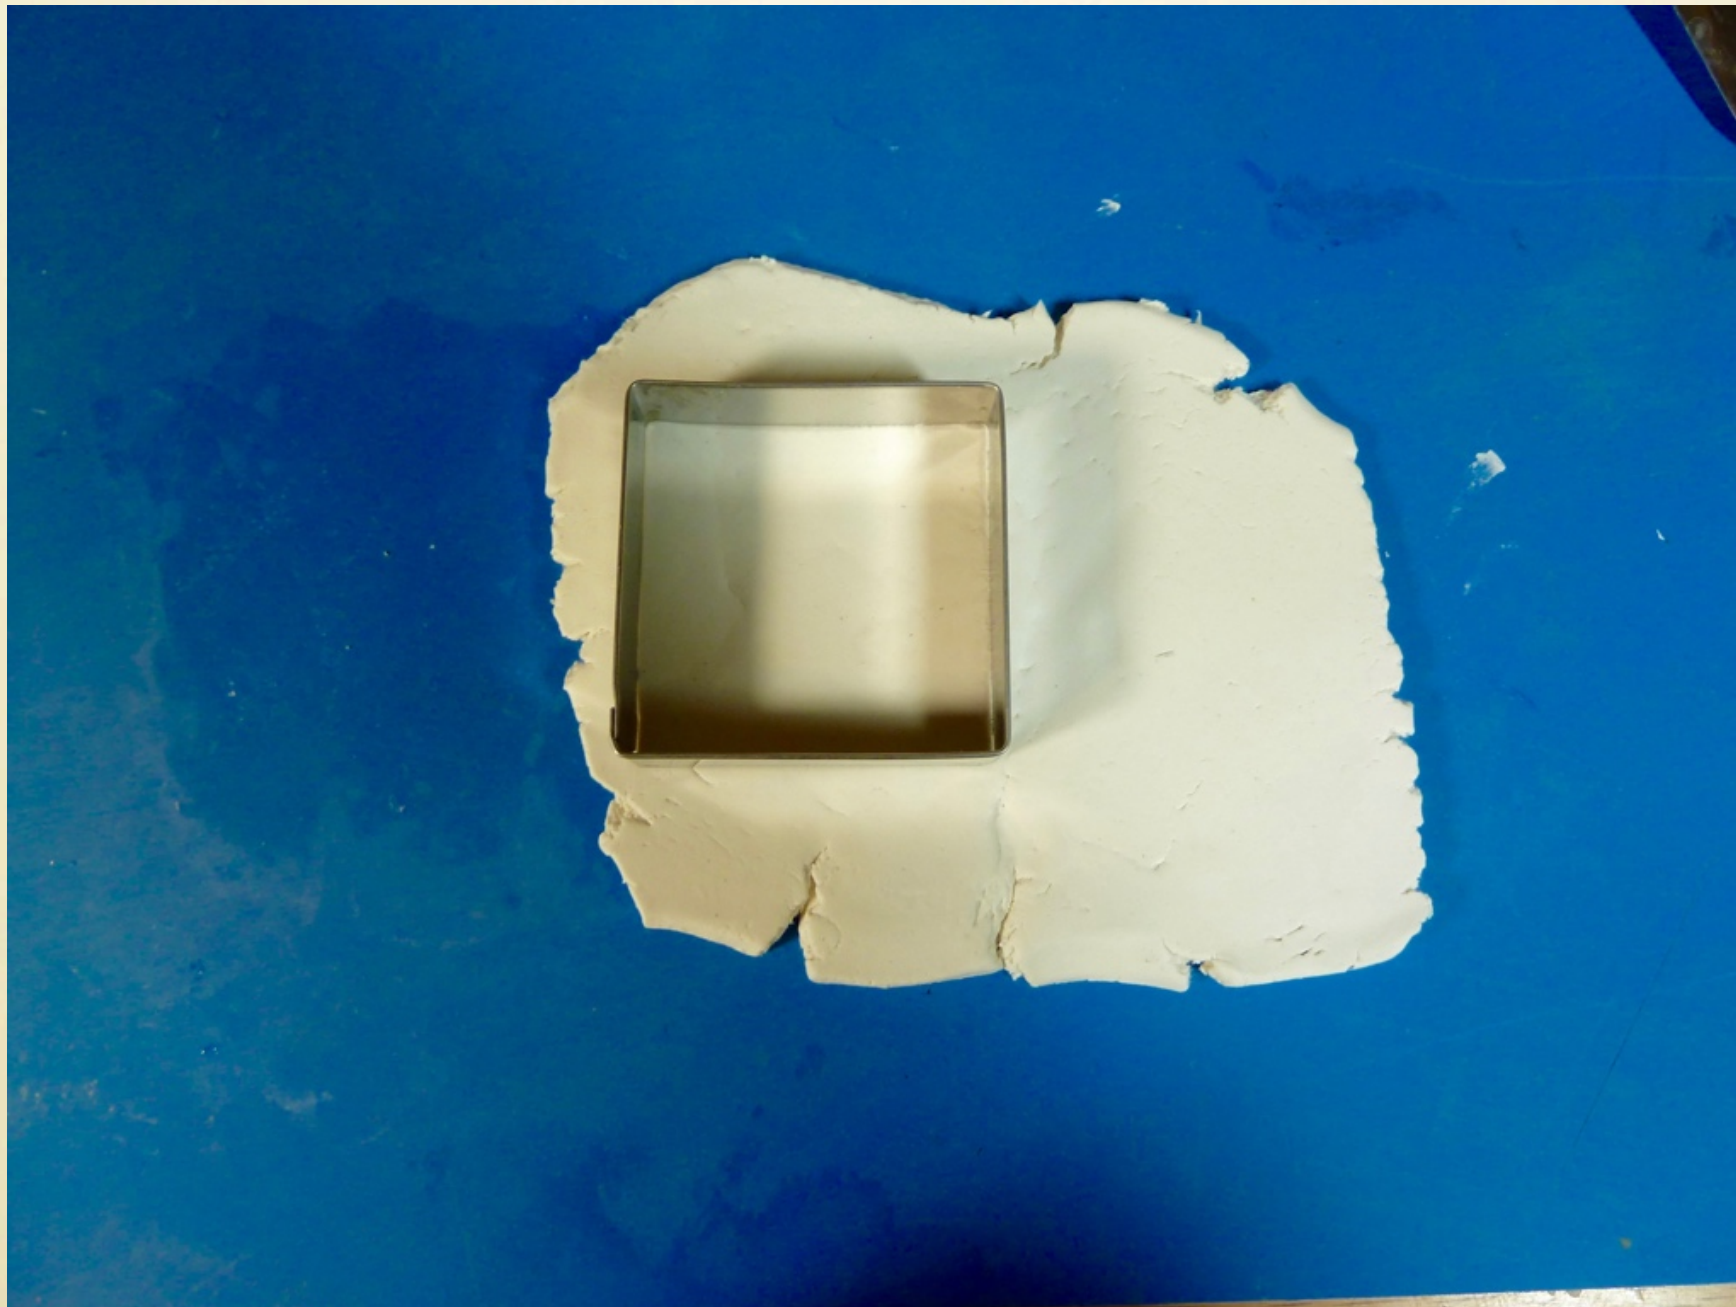

Step 3:

cut the tiles

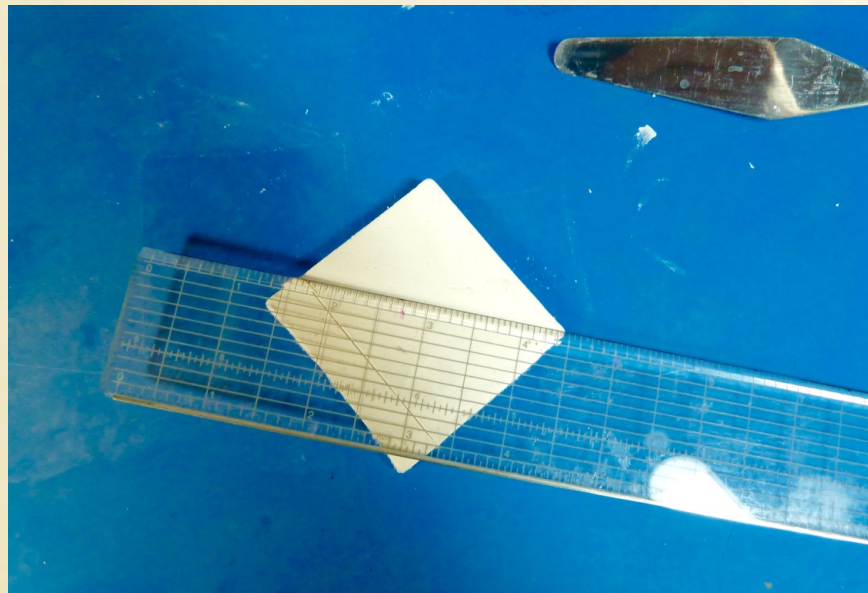

use a knife or clay blade to cut the strips into tiles

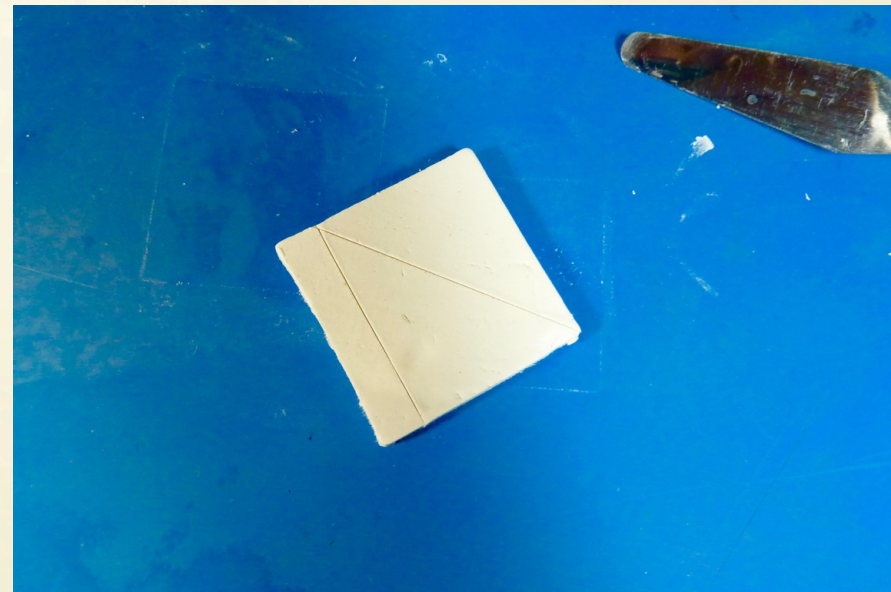

to make larger tiles use a square cutter

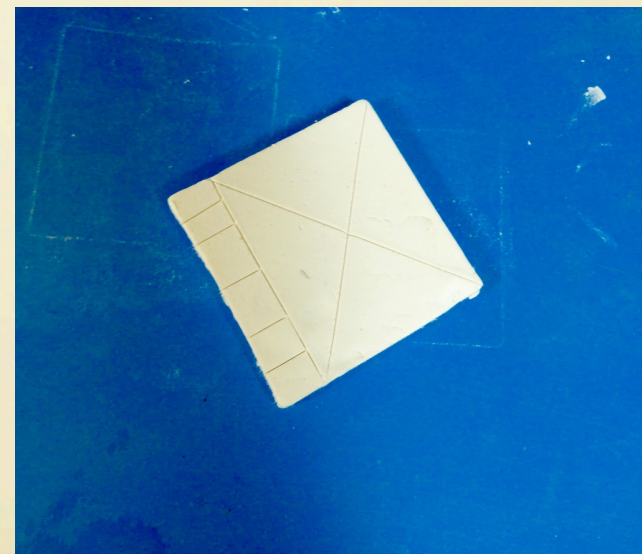

Step 4:

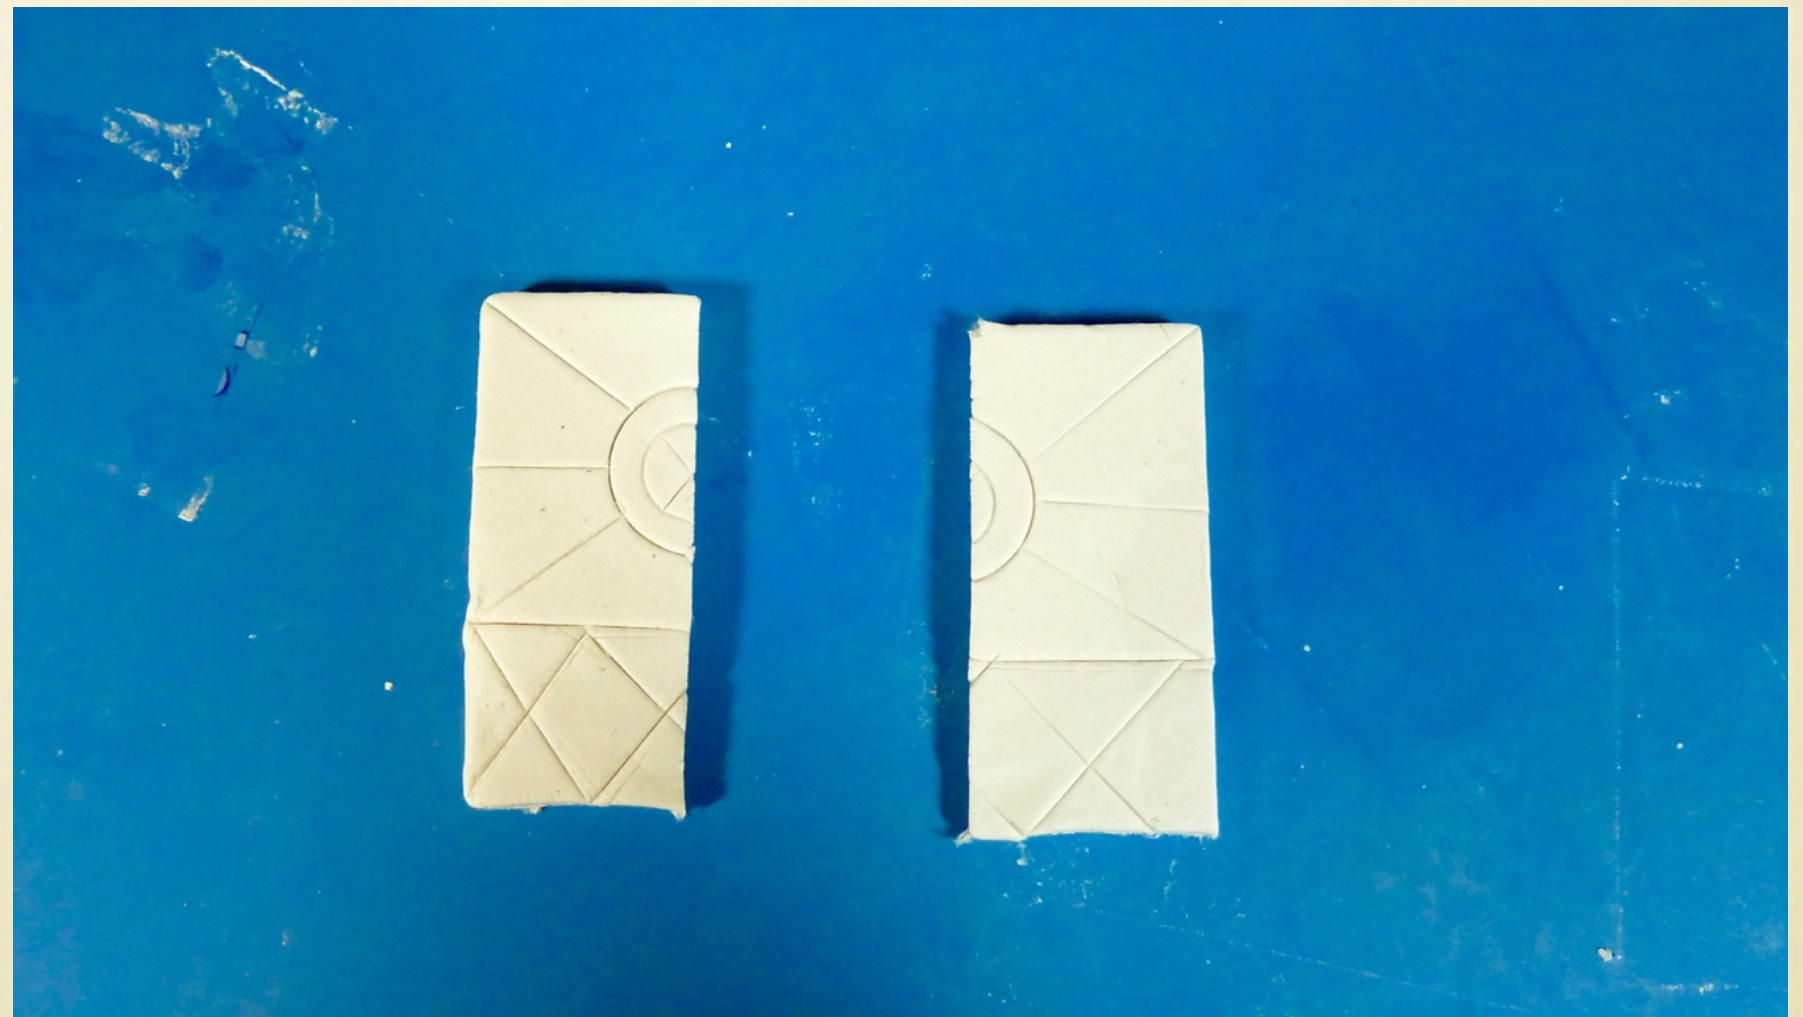

one way to make a variety of tiles is to make your own designs

use a knife to draw stripes, diamonds or whatever you like

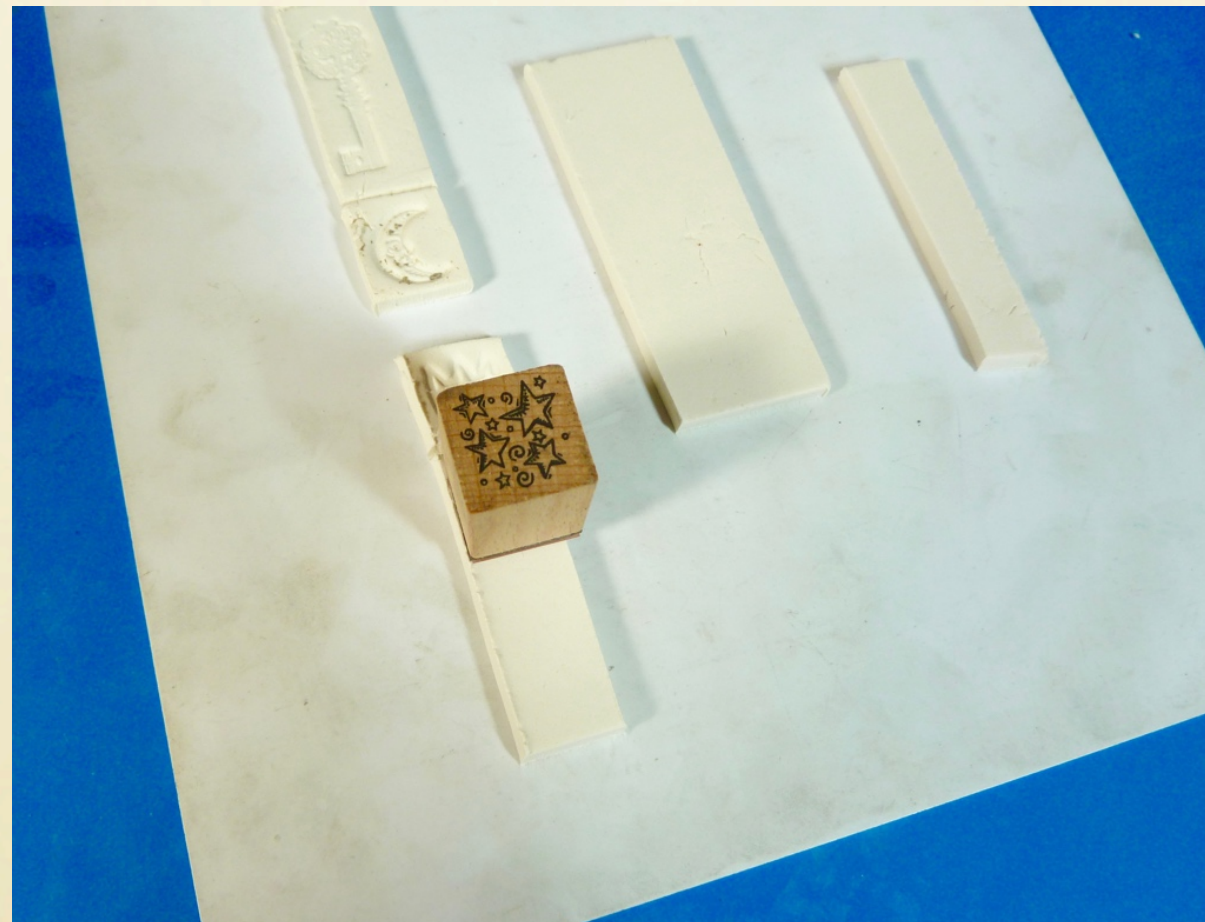

if the tile is big enough after
making a design cut the tile into
two pieces

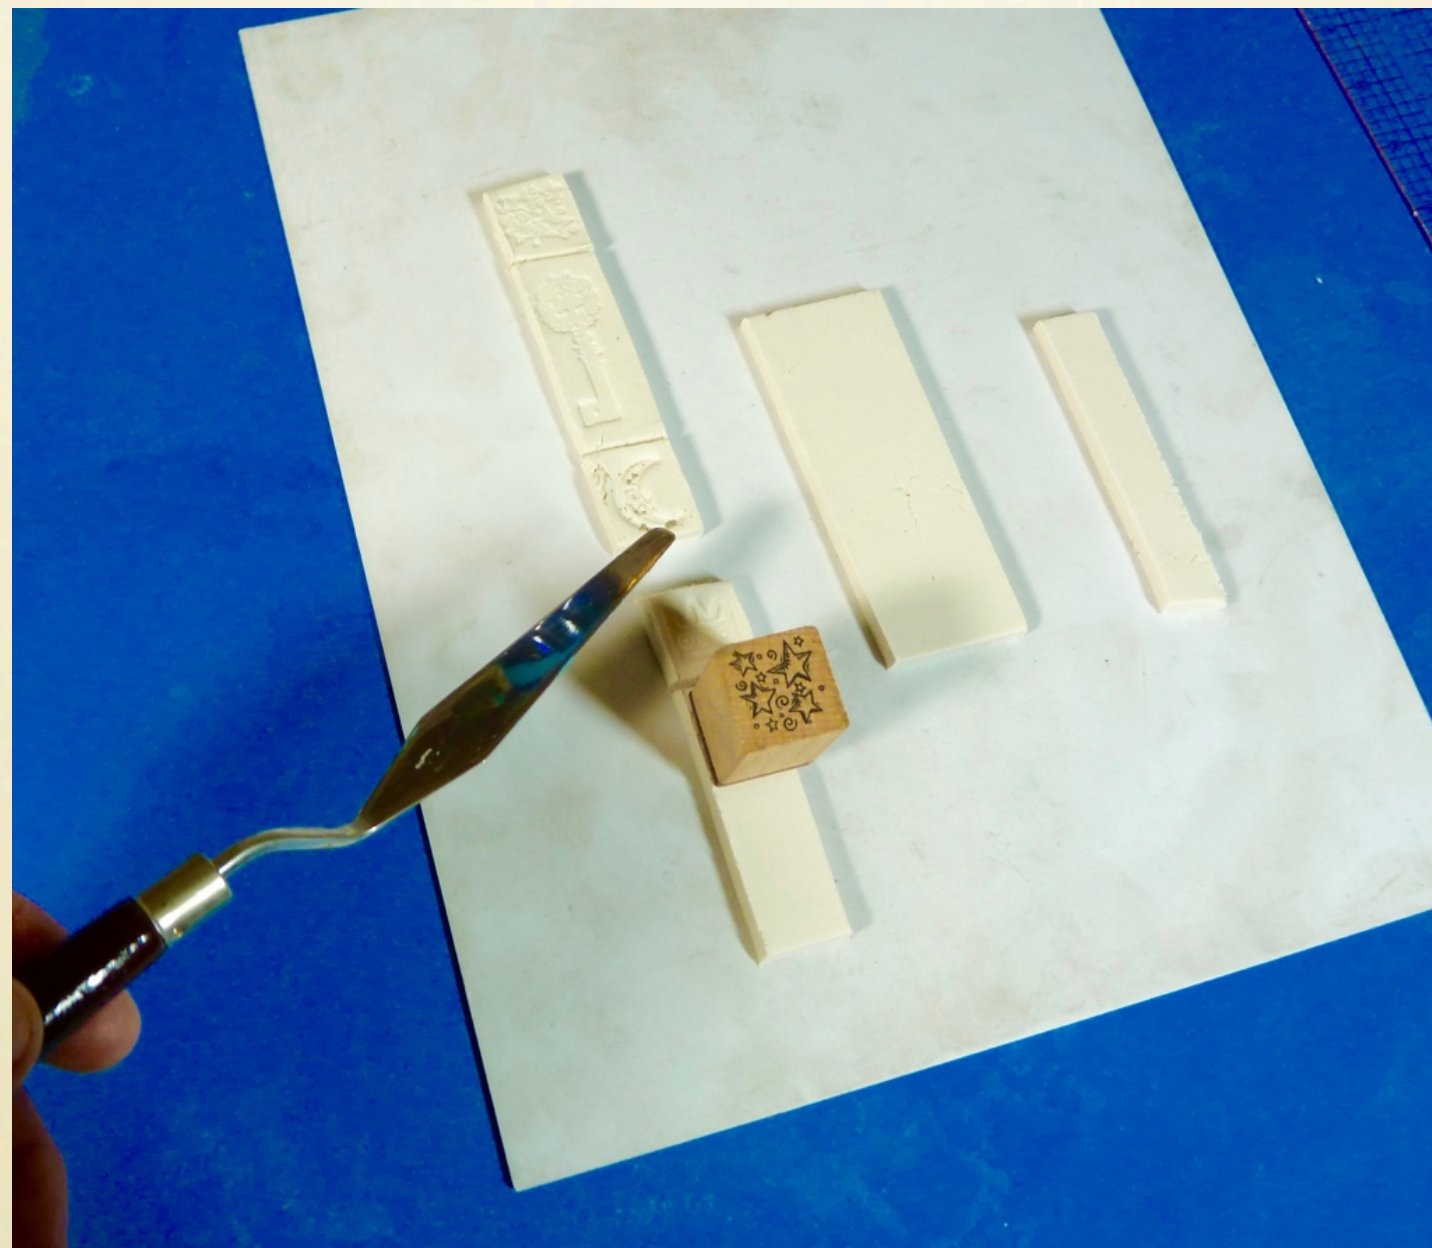

Step 5:

Another way to make designs is to use a stamp

a few things to remember when using a stamp:

- use a simple stamp without too many details
- stamp several times and then use a blade to cut individual tiles
